BAZA #432 (Center of Applied Tech North School at 630 Patriot Lane, Millersville, MD)

The Anne Arundel County Board of Education is proposing to construct the Center of Applied Tech North School adjacent to the Old Mill school complex at 630 Patriot Lane, Millersville, MD. This location is approximately 3.4 miles southeast of Runway 33L at Baltimore/Washington Thurgood Marshall International Airport (BWI Marshall). The proposed structure is to be located within the 65 DNL Noise Zone for BWI Marshall Airport. The proposed land use at this location is found to be incompatible with the certified Airport Noise Zone. The Maryland Airport Noise Control Program Regulations (COMAR 11.03.03) enables the proponent to seek a variance from the Board of Airport Zoning Appeals to this regulation. The Maryland Aviation Administration anticipates presenting this case to the Board of Airport Zoning Appeals on May 06, 2024.
