Re: Chesapeake City's Transportation Priorities

9/21/2026

Ms. Thompson,

In preparation for the Consolidated Transportation Plan Tour Meeting, I have summarized the Town's effort for our road repair projects. I have divided the projects into Town and State Highway projects.

SHA projects:

- Pave Rt 286, intersection of Second St and George St. to Bohemia Ave, complete ADA sidewalk project
- Repair/replace sidewalk on Rt 284, Hemphill Street
- Explore option of "Park & Ride" under the southern end of the Rt 213 Bridge

Town projects:

- Pave Biddle Street between Lock and Bank St,
- Pave Bohemia Ave between 3rd and Rees Wharf Road
- Repair stormwater and pave Moss St between Lock and Hemphill St

Please let me know if you require more information.

Sincerely,

Robert Bernstine  
Town Manager  
Chesapeake City
