Dear Ms. Remezova and Ms. Crews:

The Maryland Department of Transportation (MDOT) hereby requests to amend the Fiscal Year (FY) 2022-2025 Maryland Statewide Transportation Improvement Program (STIP) to reflect the addition of two projects to the Baltimore Regional Transportation Planning Board (BRTB) FY 2024-2027 Transportation Improvement Program (TIP) amendments on behalf of The City of Baltimore and the City of Annapolis.

The BRTB approved amendments to the TIP on December 19, 2023, and MDOT has designated Control #22-99 for this amendment to the STIP. Their approval and supporting documentation are attached.

Project Name	STIP #	TIP #	Funding Source	FY22-FY25 Net Federal Change (in 000's)
Baltimore City Ferry Service Improvements	42-2401-99	42-2401-99	5307(h)	8,061
Annapolis Electric Passenger Ferry Pilot Program	18-2401-99	18-2401-99	5307(h)	2,975

Dear Ms. Murphy:

Enclosed is one amendment to the *2024-2027 Baltimore Region Transportation Improvement Program (TIP)* as approved by the Baltimore Regional Transportation Board (BRTB) on December 19, 2023. The documentation enclosed supports changes to the *2024-2027 TIP* for one MDOT MTA project in Baltimore City.

- **Baltimore City Ferry Service Improvements: 42-2401-99**

This amendment was presented to the Technical Committee on December 5, 2023. The Interagency Consultation Group (ICG) has also determined this project to be exempt according to the conformity rule.

MDOT MTA has affirmed that fiscal constraint for their program of projects remains intact and have made a commitment to the match required.

Pursuant to the prescribed TIP amendment process MOU signed in 2014, the BRTB approved Resolution #24-9 to support these changes to the *2024-2027 TIP*.

If you have any questions, please feel free to call me.

Sincerely,

A handwritten signature in black ink, appearing to read "Todd R. Lang".

Summary of FY 2024-2027 TIP Changes

Project Title	TIP Change Reason	Description	Type of Change
Baltimore City Ferry Service Improvements: 42-2401-99	This amendment adds a new project to the FY 2024-2027 TIP and utilizes Section 5307(h) Passenger Ferry Grant Discretionary Program funds. This project will include \$9.376 million (\$8.061 million federal/\$1.315 million matching) for construction in FY 2024. Funding will be used to improve ADA access between the existing ferry landing and ferry deck as well as replace the current diesel ferry boats with hybrid-electric light-duty ferry boats. The estimated total cost of this project is \$9.376 million.	This project will improve ADA access between the existing ferry landing and ferry deck and replace the existing light-duty ferry boats with new US Coast Guard approved hybrid-electric powered ferry boats. Baltimore City pledges the matching funds necessary for the project and is ready to procure the landings so that Baltimore residents can benefit from improved ferry services. Conformity Status: Exempt	Amendment Resolution #24-9

BALTIMORE METROPOLITAN PLANNING ORGANIZATION

**BALTIMORE REGIONAL TRANSPORTATION BOARD
RESOLUTION #24-9**

**AMENDMENT TO THE 2024 – 2027 BALTIMORE REGION
TRANSPORTATION IMPROVEMENT PROGRAM**

WHEREAS, the Baltimore Regional Transportation Board is the designated Metropolitan Planning Organization for the Baltimore region, encompassing the Baltimore Urbanized Area, and includes official representatives of the cities of Annapolis and Baltimore, the counties of Anne Arundel, Baltimore, Carroll, Harford, Howard, and Queen Anne’s as well as representatives of the Maryland Department of Transportation, the Maryland Department of the Environment, the Maryland Department of Planning, the Maryland Transit Administration, and the RTA of Central Maryland; and

WHEREAS, the Baltimore Regional Transportation Board, as the Metropolitan Planning Organization for the Baltimore region, approved the 2024-2027 Transportation Improvement Program for the Baltimore region at its July 27, 2023 meeting, with federal approval on October 25, 2023; and

WHEREAS, federal regulations require that all transportation-related projects must be listed in the approved Transportation Improvement Program with accurate funding schedules in order to be eligible for federal funding; and

WHEREAS, the Transportation Improvement Program consists of projects included in, and in support of, the region's long-range transportation plan and ongoing short-range planning efforts; and

WHEREAS, the Maryland Department of Transportation on behalf of the Maryland Transit Administration (MDOT MTA) has requested approval of an amendment to the 2024-2027 Transportation Improvement Program through the approved Transportation Improvement Program amendment process; and

WHEREAS, MDOT MTA is requesting to add one project to the 2024-2027 TIP for Baltimore City Ferry Service Improvements. This amendment will add funds for construction in FY 2024 necessitating the amendment of this project (see attachment); and

WHEREAS, the Transportation Improvement Program, as amended, continues to display financial reasonableness and re-affirms the appropriate project selection criteria whereby all requirements for a Transportation Improvement Program in the Infrastructure Investment and Jobs Act are met; and

WHEREAS, the Interagency Consultation Group has determined that this project is exempt according to the Conformity Rule (40 CFR Parts 51 and 93); and

WHEREAS, the proposed Transportation Improvement Program amendment was presented to the Technical Committee on December 5, 2023.

NOW, THEREFORE, BE IT RESOLVED that the Baltimore Regional Transportation Board, as the Metropolitan Planning Organization for the Baltimore region, approves the attached amendments to the 2024-2027 Transportation Improvement Program for the Baltimore region and finds it to conform to the applicable Maryland State Implementation Plan and requirements of the 1990 Clean Air Act Amendments.

I HEREBY CERTIFY that the Baltimore Regional Transportation Board as the Metropolitan Planning Organization for the Baltimore region approved the aforementioned resolution on December 19, 2023.

Baltimore City Ferry Service Improvements

TIP ID	42-2401-99	Year of Operation	2026
Agency	MTA - Transit	Project Type	Preservation and improvements
Project Category	Transit Preservation	Functional Class	NA
Conformity Status	Exempt	Physical Data	N/A
CIP or CTP ID(s)		Est. Total Cost	\$9,376,000

Description:

This project will improve ADA access between the existing ferry landing and ferry deck and replace the existing light-duty ferry boats with new US Coast Guard approved hybrid-electric powered ferry boats. Baltimore City pledges the matching funds necessary for the project and is ready to procure the landings so that Baltimore residents can benefit from improved ferry services.

Justification:

The existing ferry boats have reached the end of their useful life and need to be replaced. Additionally, the current ferry deck heights and ferry landing heights do not match which creates an ADA accessibility concern. These improvements will help to achieve a state of good repair and provide improved ADA access.

Amendment: This amendment adds a new project to the FY 2024-2027 TIP and utilizes Section 5307(h) Passenger Ferry Grant Discretionary Program funds. This project will include \$9.376 million (\$8.061 million federal/\$1.315 million matching) for construction in FY 2024. Funding will be used to improve ADA access between the existing ferry landing and ferry deck as well as replace the current diesel ferry boats with hybrid-electric light-duty ferry boats. The estimated total cost of this project is \$9.376 million.

Connection to Long-Range Transportation Planning Goals:

- 3.A Improve Accessibility -- Increase transportation options and equity for all segments of the population.
- 5.B Implement Environmentally Responsible Transportation Solutions -- Reduce emissions to support health & conform to AQ standards.
- 5.E Implement Environmentally Responsible Transportation Solutions -- Reduce greenhouse gas emissions according to state and local plans.

Dear Mr. Lang:

The Maryland Department of Transportation (MDOT) requests and amendment to add a new a project to the Baltimore Region's FY 2024-2027 Transportation Improvement Program (TIP) on behalf of the Maryland Transit Administration (MTA), in cooperation with Baltimore City.

The amendment reflects a new 5307 Urbanized Area Formula Funding program award to MTA that will make federal funding available for MTA's proposed Ferry Grant Program Project. Baltimore City will provide the match for this award. The project will focus on improving ADA access and restoring Baltimore's ferry service to a state of good repair and replacing two light duty ferry boats.

If you have questions or need additional information, please contact Dan Janousek, Office of Planning and Capital Programming (OPCP) Regional Planner at 410-865-1098, or via email at djanousek@mdot.maryland.gov for assistance.

DATE: September 29, 2023

SUBJECT: Amendment to the FY 2024-2027 BRTB TIP

MDOT MTA is requesting to Amend the FY 2024-2027 BRTB TIP by adding a new project, Ferry Grant Program.

The Maryland Transit Administration has proposed the Ferry Grant Program Project which will focus on improving ADA access and restoring Baltimore's ferry service to a state of good repair. The project will improve ADA access to the ferry system by matching the ferry landing heights with the ferry deck heights and constructing landings that will have unimpeded access for wheelchairs and people with mobility devices. In addition, two light duty ferry boats that have reached end of useful life will be replaced. The new ferry boats will be hybrid-electric powered and will utilize developed through Baltimore's previous electric ferry grant. The ferry specifications have been developed in coordination with the USCG and supports a 49 passenger ferry with low emitting hybrid powered system designed to operate on the Patapsco River.

The proposed action will not impact scheduling or funding availability for other projects in the current TIP, which continues to be fiscally constrained.

After your review, please process the requested Amendment for inclusion in the FY 2024-2027 BRTB TIP. If you have any questions, please do not hesitate to contact Ms. Erika Falk, MDOT MTA Office of Planning and Capital Programming, at 410-767-3895 or via email at efalk@mdot.maryland.gov.

Baltimore Regional Transportation Board

Annapolis Electric Passenger Ferry Pilot Program

TIP ID	18-2401-99	Year of Operation	2025
Agency	Annapolis	Project Type	Other
Project Category	Emission Reduction Strategy	Functional Class	NA
Conformity Status	Exempt	Physical Data	NA
CIP or CTP ID(s)	TBD	Est. Total Cost	\$3,500,000

Description:

The Annapolis Electric Ferry Pilot Program is a new passenger ferry service that will connect the Eastport and Downtown areas of Annapolis across the Spa Creek. Total project cost is \$3,500,000 consisting of \$2,975,000 in federal funds and \$525,000 in local matching funds.

The program consists of the following:

- (a) Procurement of up to two (2) battery electric passenger ferry vessels (\$1,800,000): federal funds - \$1,530,000; local funds - \$270,000.
- (b) Landing improvements (\$1,500,000): federal funds - \$1,275,000; local funds - \$225,000.
- (c) Charging infrastructure (\$200,000): federal funds - \$170,000; local funds - \$30,000.

Justification:

This program is one of several initiatives to address the dramatic impacts of climate change on Annapolis, a 400-year-old city and state capital that has twenty-two miles of waterfront and is at the front lines of this 21st century challenge.

The proposed route for ferry service is only one half mile. However, the route is a highly visible and popular route that has the potential to dramatically expand awareness of new battery electric maritime technology and expand equitable access to the waterfront for both residents and visitors to the city.

Amendment: This amendment adds a new project to the FY 2024-2027 TIP and utilizes Section 5307(h) Passenger Ferry Grant Discretionary Program funds. This project will include \$1.4 million (\$1.19 million federal/\$210,000 matching) for construction in FY 2024-2025, \$1.8 million (\$1.53 million federal/\$270,000 matching) of "Other" funds for purchase of electric ferry boats in FY 2024, and \$300,000 (\$255,000 federal/\$45,000 matching) for engineering in FY 2024. The estimated total cost of this project is \$3,500,000.

Connection to Long-Range Transportation Planning Goals:

- 3.A Improve Accessibility -- Increase transportation options and equity for all segments of the population.
- 5.A Implement Environmentally Responsible Transportation Solutions -- Coordinate to reduce delay & increase non-SOV through performance-based planning & programming.
- 5.E Implement Environmentally Responsible Transportation Solutions -- Reduce greenhouse gas emissions according to state and local plans.

RE: FY 24-27 TIP amendment for Annapolis Electric Ferry Pilot Program

TIP ID: 18-2401-99

Dear Mr. Lang:

The City of Annapolis is requesting an amendment to the FY 2024-2027 TIP for the Annapolis Electric Ferry Pilot Program. The TIP ID No. for this project is 18-2401-99.

The new Annapolis Electric Ferry Pilot Program is a new passenger ferry service that will connect the Eastport and Downtown areas of Annapolis across the Spa Creek. The program consists of the following: (a) two (2) battery electric passenger ferry vessels; (b) landing improvements; and (c) charging infrastructure.

This program is one of several planning initiatives to address the dramatic impacts of climate change on Annapolis, a 400-year-old city and state capital. The city has twenty-two miles of waterfront and it is at the front lines of this 21st century challenge. This program is not a capacity enhancement program and therefore, air quality conformity analysis is not needed.

The total cost of the program is \$3,500,000. The program is funded with Section 5307 Passenger Ferry Grant Discretionary Program (\$2,975,000) and local funds (\$525,000).

A completed TIP form for the program is attached with additional information. If you have any questions, please contact me at (410) 263-7964, x6001 or kad@annapolis.gov.

Sincerely,

Kwaku Agyemang-Duah, Ph.D.

Connection to LRTP Goals:

3.A. Improve Accessibility -- Increase transportation alternatives for all segments of the population.

5.A Conserve and Enhance the Environment -- Provide alternatives to single-occupant passenger vehicles / apply emission reduction technologies

5.D Conserve and Enhance the Environment -- Reduce greenhouse gas emissions in accordance with state and local sustainability and climate change plans.

1.B Improve System Safety -- Apply safety-related management and operations techniques.
1.C Improve System Safety -- Eliminate hazardous or substandard conditions.
1.D Improve System Safety -- Improve emergency response time.
1.E Improve System Safety -- Improve safety conditions for pedestrians and bicyclists.
2.A Improve and Maintain the Existing Infrastructure -- Improve the condition of roadway systems (pavement, bridges, tunnels).
2.B Improve and Maintain the Existing Infrastructure -- Replace traffic signals and ITS elements.
2.C Improve and Maintain the Existing Infrastructure -- Maintain/replace transit vehicles.
2.E Improve and Maintain the Existing Infrastructure -- Improve the condition of transit infrastructure and stations/stops.
2.F Improve and Maintain the Existing Infrastructure -- Improve the condition of pedestrian and bicycle facilities.
2.G Improve and Maintain the Existing Infrastructure -- Encourage local jurisdictions to develop comprehensive asset management programs
3.A Improve Accessibility -- Increase transportation alternatives for all segments of the population.
3.B Improve Accessibility -- Improve ADA-related conditions for pedestrians / transit riders.
3.E Improve Accessibility -- Provide or improve pedestrian and bicycle facilities that link to activity centers and public transit.
3.F Improve Accessibility -- Apply strategies from the Coordinated Public Transit – Human Services Transportation Plan.
3.G Improve Accessibility -- Improve system connectivity and continuity among modes and across boundaries.
3.H Improve Accessibility -- Increase transportation equity throughout the system
4. Increase Mobility
4.A Increase Mobility -- Provide techniques or alternatives as part of a Congestion Management Process (CMP).
4.C Increase Mobility -- Expand transit service coverage / hours of operation.
4.D Increase Mobility -- Apply mobility-related management and operations techniques.
4.E Increase Mobility -- Improve reporting of delays and incidents.
4.F Increase Mobility -- Support a regional, long-distance bikeway network.

5.A Conserve and Enhance the Environment -- Provide alternatives to single-occupant passenger vehicles / apply emission reduction technologies.
5.B Conserve and Enhance the Environment -- Reduce surface runoff.
5.C Conserve and Enhance the Environment -- Provide incentives for zero-emission vehicles.
5.D Conserve and Enhance the Environment -- Reduce greenhouse gas emissions in accordance with state and local sustainability and climate change plans.
5.E Conserve and Enhance the Environment -- Preserve and protect natural and cultural resources.
5.F Conserve and Enhance the Environment -- Promote physical activity.
6.A Improve System Security -- Provide security-related features at transit facilities or on transit vehicles.
6.C Improve System Security -- Apply security-related management and operations techniques.
6.F Improve System Security -- Increase system redundancy.
6.G Improve System Security -- Plan for transportation-related effects of climate change.
7.D Promote Prosperity and Economic Opportunity -- Invest within local- and state-designated growth areas.
7.E Promote Prosperity and Economic Opportunity -- Improve access to existing communities and regional generators of economic activity.
7.F Promote Prosperity and Economic Opportunity -- Provide context-sensitive infrastructure and facilities.
