EVs offer great incentives for Marylanders

CHEAPER

Federal, state, and electric utility incentives mean that you save money when you purchase an EV and/or install charging equipment.

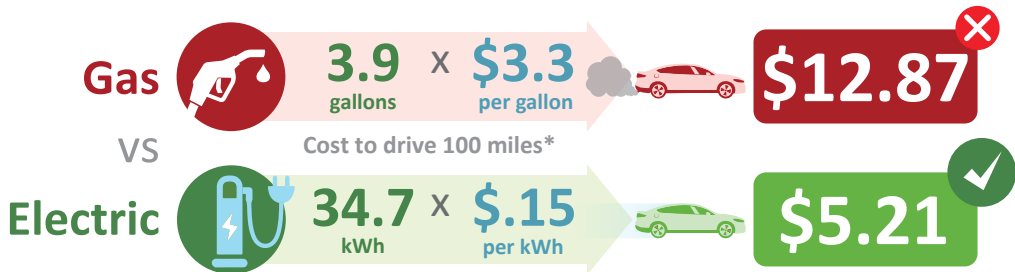

MarylandEV.org

CONVENIENT

Save time by charging at home and wake up every day to a full tank! A growing network of over 1,200 Maryland charging stations takes range anxiety out of your travels.

CLEANER

EVs produce little to no tailpipe emissions compared to gas-only vehicles. Your charge will also benefit the environment as Maryland electricity continues to get cleaner by shifting to renewable sources.

*Based on Maryland averages 2/2023 and level 2 charging.
