FREE

**SMALL BUSINESS ENTERPRISE (SBE) APPLICATION ASSISTANCE
WORKSHOP
&
PROJECT INFORMATION SESSION**

The SBE Program is a race and gender neutral program which provides PRIME contracting opportunities to small businesses on federally-aided projects with MDOT State Highway Administration (MDOT SHA), MDOT Maryland Transit Administration (MDOT MTA), and MDOT Maryland Aviation Administration (MDOT MAA). Only SBE certified firms can bid on these projects.

MDOT's Office of Small and Minority Business Policy (OSMBP) will host two **FREE** SBE Application Assistance Virtual Workshops on January 19th and July 20th from 10am-12pm on GoToWebinar.

These workshops explain program eligibility standards, benefits of certification, and the application process. You will also hear directly from agency personnel about upcoming SBE-designated contracts. Information on the I-495 & I-270 project will also be provided by Opportunity MDOT.
