Dear Mr. Murrill and Ms. Crews:

The Maryland Department of Transportation (MDOT) hereby modifies the Fiscal Year (FY) 2019-2022 Maryland Statewide Transportation Improvement Program (STIP) to reflect funding changes for two Anne Arundel County projects that are contained in the FY 2020-2023 Baltimore Regional Transportation Board (BRTB) Transportation Improvement Program (TIP). The BRTB Executive Committee approved the modifications to its TIP on May 8, 2020.

MDOT has assigned Control #19-59 for these modification to the STIP. The approvals and supporting documentation are attached.

Dear Ms. Murphy:

Enclosed are two Administrative Modifications to the *2020 – 2023 Baltimore Region Transportation Improvement Program (TIP)* as approved by the BRTB Executive Committee on May 8, 2020. The documentation enclosed supports changes to the *2020 – 2023 TIP* for two Anne Arundel County projects:

- **Furnace Avenue Bridge over Deep Run: 11-1103-13**
- **Polling House Road Bridge over Rock Branch : 11-1602-13**

Anne Arundel County is requesting to add funds to the engineering phase in FY 2020 for both projects in order to reflect higher A/E proposals. These minor changes are within the framework for an Administrative Modification and do not impact conformity. Anne Arundel County has affirmed that fiscal constraint for their program of projects remains intact.

Pursuant to the prescribed Transportation Improvement Program MOU signed in 2014, the BRTB Executive Committee approved these changes to the *2020 – 2023 TIP*.

If you have any questions, please feel free to call me.

Sincerely,

Furnace Avenue Bridge over Deep Run  
TIP ID No.: 11-1103-13  
Anne Arundel County Project / Contract Nos.: H535200 / H535201  
SHA Contract No.: AA823ZM1

Dear Mr. Lang

Anne Arundel County is requesting an administrative modification to the FY2020-2023 TIP for the subject project. Anne Arundel County approved the subject project in its FY2007 CIP. The Federal Highway Administration authorized funding on July 30, 2013, to develop an alternatives analysis study to determine the estimated costs and potential impacts of possible improvements, for which SHA subsequently issued a Notice to Proceed to A/E. The alternatives analysis, and hydraulics and hydrology, reports were completed in October 2014. In the interim, Anne Arundel County has been coordinating with Howard County, since this is border bridge, to agree on a preferred alternative, develop a memorandum of understanding where both jurisdictions will contribute the cost of the design and construction of the project, and to develop a scope of work and negotiate man hours to advance the design to NEPA approval.

Anne Arundel County's original estimate for the design phase of the project was \$780k (\$624k federal aid, \$156k County). The revised A/E proposal to advance the project to NEPA is \$472k.

Therefore, the County requests an administrative modification to the FY2020-2023 TIP to increase FY 20 engineering funds to \$472k (\$378k federal aid, and \$94k County match). This change reflects an increase in federal funds from \$225k to \$378k (adding \$153k) and county matching funds from \$45k to \$94k (adding \$49k) for FY 20 year of the FY 2020 -2023 TIP. The source of the federal aid increase will be from the County's share of the Highway Bridge Program federal aid allocation. The source of the increase in the County's share will be County bonds and reimbursement from Howard County.

The Transportation Improvement Program continues to be fiscally constrained.

RE: Administrative Modification Request to the FY2020-2023 TIP  
Polling House Road Bridge over Rock Branch  
TIP ID No.: 11-1602-13  
Anne Arundel County Project / Contract Nos.: H561100 / H561101  
SHA Contract No.: AA To Be Determined

Dear Mr. Lang:

Anne Arundel County is requesting an administrative modification to the FY2020-2023 TIP for the subject project. Anne Arundel County approved the subject project in its FY2014 CIP, but it was not funded until FY2020.

MDOT SHA, the MDOT SHA assigned A/E consultant, and the County conferenced on April 17, 2020, to negotiate the final scope and man hours that will initiate the project design and advance it to NEPA approval.

Anne Arundel County's original estimate for the engineering phase of the project through NEPA approval was \$258,000 (\$215K federal aid, \$43K County). These funds are currently included in FY 2020 of the FY 2020-2023 TIP. The revised A/E proposal to initiate the project and advance it to NEPA approval is \$596,000.

Therefore, the County requests to increase FY 2020 engineering funds in the FY 2020-2023 TIP from \$258,000 to \$596,000 (\$477K federal aid, and \$119K County match). This change reflects an increase in the federal funds from \$215K to \$477K, adding \$262K; and County matching funds from \$43K to \$119K, adding \$76K. The source of the federal aid increase will be from the County's share of the Highway Bridge Program federal aid allocation. The source of the increase in the County's share will be County bonds.

The Transportation Improvement Program continues to be fiscally constrained.

If you have any questions regarding this request, please do not hesitate to contact Brian Ulrich at 410-222-7711, [trulri44@aacounty.org](mailto:trulri44@aacounty.org), or Daniel Anderson at 410-222-7566, [pwande85@aacounty.org](mailto:pwande85@aacounty.org).

Sincerely,
