Dear Mr. Anderson:

Enclosed is one amendment to the 2024-2027 Baltimore Region Transportation Improvement Program (TIP) as approved by the Baltimore Regional Transportation Board (BRTB) on April 19, 2024. The documentation enclosed supports changes to the 2024-2027 TIP for one MDOT SHA project.

• I-70: MD 32 to I-695: 60-2301-41

This amendment was presented to the Technical Committee on March 5, 2024. The Interagency Consultation Group (ICG) has also determined this project to be exempt according to the conformity rule at its March 6, 2024 meeting.

MDOT SHA has affirmed that fiscal constraint for their program of projects remains intact and have made a commitment to the match required.

Pursuant to the prescribed TIP amendment process MOU signed in 2014, the BRTB approved Resolution #24-17 to support these changes to the 2024-2027 TIP.

If you have any questions, please feel free to call me.

Sincerely,

Todd R. Lang, Director Transportation Planning

## BALTIMORE REGIONAL TRANSPORTATION BOARD RESOLUTION #24-17

# AMENDMENT TO THE 2024 – 2027 BALTIMORE REGION TRANSPORTATION IMPROVEMENT PROGRAM

WHEREAS, the Baltimore Regional Transportation Board is the designated Metropolitan Planning Organization for the Baltimore region, encompassing the Baltimore Urban Area, and includes official representatives of the cities of Annapolis and Baltimore, the counties of Anne Arundel, Baltimore, Carroll, Harford, Howard, and Queen Anne's as well as representatives of the Maryland Department of Transportation, the Maryland Department of the Environment, the Maryland Department of Planning, the Maryland Transit Administration, and the RTA of Central Maryland; and

**WHEREAS**, the Baltimore Regional Transportation Board, as the Metropolitan Planning Organization for the Baltimore region, approved the 2024-2027 Transportation Improvement Program for the Baltimore region at its July 27, 2023 meeting, with federal approval on October 25, 2023; and

**WHEREAS**, federal regulations require that all transportation-related projects must be listed in the approved Transportation Improvement Program with accurate funding schedules in order to be eligible for federal funding; and

**WHEREAS**, the Transportation Improvement Program consists of projects included in, and in support of, the region's long-range transportation plan and ongoing short-range planning efforts; and

WHEREAS, MDOT State Highway Administration (SHA) has requested approval of an amendment to the 2024-2027 Transportation Improvement Program through the approved Transportation Improvement Program amendment process; and

WHEREAS, MDOT SHA is requesting to amend the TSMO System 1 project. MDOT SHA is modifying the scope of work to eliminate the US 29 and US 40 corridors which will be completed as separate district projects in the future. As a result, construction and right-of-way funds are being removed. Additionally, this amendment will add STBG funds for engineering in FY 2024-FY 2027 and reduce NHPP funds for engineering in FY 2024-2027. These modifications in engineering are needed to address the changes in scope. The total estimated cost is reduced from \$76.7 million to \$9.2 million (see attachment); and

**WHEREAS**, the Transportation Improvement Program, as amended, continues to display financial reasonableness and re-affirms the appropriate project selection criteria whereby all requirements for a Transportation Improvement Program in the Infrastructure Investment and Jobs Act are met; and

WHEREAS, the Interagency Consultation Group has determined that this project is exempt according to the Conformity Rule (40 CFR Parts 51 and 93); and

**WHEREAS,** the proposed Transportation Improvement Program amendment was presented to the Technical Committee on March 5, 2024.

**NOW, THEREFORE, BE IT RESOLVED** that the Baltimore Regional Transportation Board, as the Metropolitan Planning Organization for the Baltimore region, approves the attached amendment to the 2024-2027 Transportation Improvement Program for the Baltimore region and finds it to conform to the applicable Maryland State Implementation Plan and requirements of the 1990 Clean Air Act Amendments.

I HEREBY CERTIFY that the Baltimore Regional Transportation Board as the Metropolitan Planning Organization for the Baltimore region approved the aforementioned resolution on March 26, 2024.

Mr. Todd Lang Transportation Planning Director ATTN: Mr. Keith Kucharek Offices @ McHenry Row 1500 Whetstone Way, Suite 300 Baltimore, Maryland 21230

Dear Mr. Lang:

The Maryland Department of Transportation (MDOT) requests an amendment to reflect a change in design scope and schedule for the I-70: MD 32 to I-695 project in the Baltimore Region's FY 2024-2027 Transportation Improvement Program (TIP) on behalf of the Maryland State Highway Administration (SHA).

This amendment is needed to update the I-70: MD 32 to I-695 project that previously included US 29 and US 40 corridors, which are now proceeding as separate district projects. The project will improve safety through intelligent transportation systems and geometric improvement along the I-70 corridor. The total cost of the project is \$9.2M, which is not currently funded for construction.

If you have questions or need additional information, please contact Dan Janousek, Office of Planning and Capital Programming (OPCP) Regional Planner at 410-865-1098, or via email at djanousek@mdot.maryland.gov for assistance.

### **PURPOSE OF MEMORANDUM**

To request the MDOT OPCP request BRTB to approve the following TIP amendment and, upon BRTB approval, notify the Federal Highway Administration - Maryland Division of the amendment to the BRTB FY 2024 – FY 2027 TIP.

#### **SUMMARY**

The Maryland State Highway Administration (SHA) hereby requests BRTB amend the FY 2024-2027 BRTB TIP to reflect the following action.

TIP	PROJECT	PHASE	NEW FUNDING
60-2301-41	I-70: MD 32 to I-695	PE ROW CO	\$3,507,000 (\$194,000) (\$35,958,000)

#### **ANALYSIS**

*I-70:* MD 32 to *I-695* (BRTB 60-2301-41) – This requested amendment will add \$3,507,000 in design funding, remove \$194,000 in ROW funding, and remove \$35,958,000 in construction funding to the FY 2024-2027 BRTB TIP, reflecting a change in design scope and schedule. The improvements now only include the I-70 corridor, from MD 32 to I-695 (as reflected in the project description); the previously included US 29 and US 40 corridors are now proceeding as separate district projects. This

Ms. Heather Murphy Page Two

requested amendment updates the latest cost and cashflows for design. The project will improve safety through intelligent transportation systems and geometric improvement along the I-70 corridor. The total cost of the project is \$9,226,000, which is not currently funded for construction. The SHA anticipates initiating design in the Winter of 2023/2024.

The attached Statewide TIP (STIP) report documents MDOT's requested amendment with respect to funding for the project above. This requested action will not impact scheduling or funding availability for other projects in the current STIP, which remains fiscally constrained. The amended funding does not affect the portion of federal funding programmed for transit or allocations of state aid to local jurisdictions in lieu of federal aid.

In addition, the Maryland Transportation Trust Fund (TTF) remains fiscally constrained. The TTF supports State transportation system operation and maintenance, MDOT administration, debt service, and capital projects. Semiannually, MDOT updates revenues and expenditures using two national forecasting companies' latest economic estimates. The MDOT published funding details in the FY 2024-2027 Consolidated Transportation Program and FY 2022-2025 Maryland STIP.

Please modify the FY 2024-2027 BRTB TIP and FY 2022-2025 Maryland STIP to reflect the funding information provided in the attachments. If you have any questions, please contact Mr. Tavon Hawkins, SHA RIPD Regional Planner, at 410-545-5671 or thawkins4@mdot.maryland.gov.

This amendment was presented to the Technical Committee on March 5, 2024. The Interagency Consultation Group (ICG) has also determined this project to be exempt according to the conformity rule at its March 6, 2024 meeting.

MDOT SHA has affirmed that fiscal constraint for their program of projects remains intact and have made a commitment to the match required.

Pursuant to the prescribed TIP amendment process MOU signed in 2014, the BRTB approved Resolution #24-18 to support these changes to the 2024-2027 TIP.

If you have any questions, please feel free to call me.

Sincerely,

Todd R. Lang, Director Transportation Planning

#### Description:

The National Electric Vehicle Infrastructure (NEVI) Program will create a network of convenient, reliable, affordable, and equitable electric vehicle chargers along Maryland's designated alternative fuel corridors, which are major highways, and within communities along public roads or publicly accessible locations. Contributions from third parties will be utilized to match federal funds.

#### Justification:

To provide a network of electric vehicle chargers that contribute to the acceleration of equitable adoption of electric vehicles, including for those who cannot reliably charge at home, reduce transportation-related greenhouse gas emissions, help put Maryland on a path of net-zero emissions and improve the mobility of passenger and commercial electric vehicles.

Amendment: This amendment adds a new project to the FY 2024-2027 TIP; The National Electric Vehicle Infrastructure (NEVI) project. This amendment adds \$17.853 million in NEVI funds for engineering and construction in FY 2024-2027. STBG funds, which are to be implemented through toll credits amounting to \$0.18 million will also be used for engineering. Matching NEVI funds of \$4.284 for construction will come from the private contractor responsible for installation of charging stations. The total estimated cost is \$29.054 million.

### **PURPOSE OF MEMORANDUM**

To request the MDOT OPCP request BRTB to approve the following TIP amendment and, upon BRTB approval, notify the Federal Highway Administration - Maryland Division of the amendment to the BRTB FY 2024 – FY 2027 TIP.

#### **SUMMARY**

The Maryland State Highway Administration (SHA) hereby requests BRTB amend the FY 2024-2027 BRTB TIP to reflect the following action.

TIP	PROJECT	PHASE	NEW FUNDING
60-2401-09	National Electric Vehicle Infrastructure (NEVI)	PE CO	\$902,000 \$21,414,000

#### **ANALYSIS**

National Electric Vehicle Infrastructure (NEVI) – This requested amendment reflects the addition of a new project and \$902,000 in funding for design and \$21,414,000 in funding for construction in the FY 2024-2027 BRTB TIP. Design includes 80 percent NEVI funding, 20 percent STBG funding (converted through toll credits), and 5 percent state funding. Construction includes 80 percent NEVI funding and 20 percent private funding through the Contractor. The SHA anticipates design beginning in

Ms. Heather Murphy Page Two

Winter/early Spring 2024 and construction beginning in Fall 2024 and being completed in Fall 2030. The total project cost for the Baltimore region is estimated to be \$29.1 million.

The attached Statewide TIP (STIP) report documents MDOT's requested amendment with respect to funding for the project above. This requested action will not impact scheduling or funding availability for other projects in the current STIP, which remains fiscally constrained. The amended funding does not affect the portion of federal funding programmed for transit or allocations of state aid to local jurisdictions in lieu of federal aid.

In addition, the Maryland Transportation Trust Fund (TTF) remains fiscally constrained. The TTF supports State transportation system operation and maintenance, MDOT administration, debt service, and capital projects. Semiannually, MDOT updates revenues and expenditures using two national forecasting companies' latest economic estimates. The MDOT published funding details in the FY 2024-2027 Consolidated Transportation Program and FY 2022-2025 Maryland STIP.

Please modify the FY 2024-2027 BRTB TIP and FY 2022-2025 Maryland STIP to reflect the funding information provided in the attachments. If you have any questions, please contact Mr. Benjamin Allen, SHA RIPD Regional Planner, at 410-545-5649 or ballen3@mdot.maryland.gov.
